PROVINCIAL ACHIEVEMENT TESTING PROGRAM RESULTS REPORT
2025/2026 SCHOOL YEAR

1. PROVINCIAL ACHIEVEMENT TESTING PROGRAM

Alberta Education and Childcare's Provincial Achievement Testing Program reflects the essentials that all Alberta students are expected to achieve, regardless of school choice or location. The purpose of the program is to determine if students are learning what they are expected to learn, to report to Albertans how well students have achieved provincial standards at given points in their schooling, and to assist schools, school authorities, and the province in monitoring and improving student learning.

For the 2025/2026 school year, Grade 6 students wrote Provincial Achievement Tests that reflected the new curriculums for Science, French Immersion Language Arts and Literature, and French First Language and Literature. Grade 6 students also wrote Provincial Achievement Tests based on the new English Language Arts and Literature and Mathematics curriculums, which were in their second year of implementation. The Provincial Achievement Test reflecting the existing Grade 6 Social Studies curriculum was also administered. Schools that optionally implemented the new Grade 6 Social Studies curriculum were excused from writing the Provincial Achievement Test in that subject area. In addition to English Language Arts and Literature, Grade 6 students whose language of instruction was French wrote French Immersion Language Arts and Literature as well as the other subjects translated into French.

For the 2025/2026 school year, Grade 9 students wrote tests in English Language Arts, Mathematics, Science, and Social Studies. Grade 9 students enrolled in the Knowledge and Employability (K&E) programs of study wrote tests in English Language Arts, Mathematics, Science, and Social Studies. In addition to English Language Arts, Grade 9 students whose language of instruction was French wrote French Language Arts (except K&E) as well as the other subjects translated into French. Aggregated (combined) English and French results are discussed within this report.

Alberta Education and Childcare reports achievement results in two formats: partial cohort (number writing) and full cohort (number enrolled). The partial cohort results are based on only those students who wrote the Provincial Achievement Tests. The results based on the full cohort include those students who were absent, excused, or for whom results are not available for any other reason. The 2025/2026 partial and full cohort aggregated English and French results are located in Appendix A and the independently reported English and French results are in Appendix B. The multiyear partial and full cohort aggregated English and French results are located in Appendix C and the independently reported English and French results are in Appendix D. Results are not released to the public when fewer than six students wrote the test.

This report provides Division results for the 2025/2026 school year in addition to multiyear results; however, several factors have affected Provincial Achievement Test administrations over the past few years. Security breaches occurred over the last few days of the 2021/2022 Provincial Achievement Test administration window. To maintain the validity and comparability of provincial results, students most likely impacted by these security breaches were excluded from the provincial cohort; however, all students were included in school and school authority reporting. The 2022/2023 and 2023/2024 results do not include students excused from writing due to the Alberta wildfires. Due to the ATA labour disruption during the 2025/2026 school year, Alberta Education and Childcare cancelled the January 2026 administration of Provincial Achievement Tests.

The 2022/2023, 2023/2024, 2024/2025, and 2025/2026 results also do not include students participating in the optionally implemented or piloted curriculums. In 2023/2024, Provincial Achievement Tests for Grade 6 English Language Arts and Literature as well as Grade 6 Mathematics were not administered; however, tests reflecting the new curriculums for these subject areas were administered beginning in 2024/2025. For these subject areas, results from 2022/2023 and earlier reflect the previous programs of study. In 2024/2025, Provincial Achievement Tests for Grade 6 French Immersion Language Arts and Literature as well as Grade 6 Science were not administered; however, tests reflecting the new curriculums for these subject areas were administered in 2025/2026. For these subject areas, results from 2023/2024 and earlier reflect the previous programs of study.

Beginning in 2023/2024, Alberta Education and Childcare's migration to digital assessment administration resulted in two different types of tests being administered, a paper version and a digital version through the new Digital Assessment Platform. The 2023/2024 and 2024/2025 provincial results include students who used the Digital Assessment Platform, as well as students who wrote the paper version. For 2023/2024 and 2024/2025, schools within Edmonton Catholic Schools were to administer the paper version of the Provincial Achievement Tests. In 2025/2026, schools within Edmonton Catholic Schools were to administer the digital version of the Provincial Achievement Tests using Alberta Education and Childcare's Digital Assessment Platform. Due to this migration to digital assessments, as well as the other factors affecting the administrations, caution should be used when comparing and interpreting results over time.

In addition to this report, Division results will also be available on the Division Assurance Dashboard located on the Division public website. Individual school reports are also available to each Principal. The school reports are used by school staff and School Councils in monitoring and adjusting their *School Education Plan*. School results will also be available on the School Assurance Dashboards located on the school public websites.
