

Growing in the Spirit

Edmonton Catholic Schools District Song '09

Lyrics and music by Colin Oberst©

Reach high, for stars lie in your soul
Keep your feet on the ground, keep reaching for
The stars, the dreams are yours to take
The beauty in your heart creates beautiful children

As children grow, so does our hope
(The seed of hope God planted)
As children learn, the hopes and dreams are realized
God gives us dreams we can attain
(So we can grow into them)
God speaks in the silence of the heart
(Listen and grow in the spirit)

refrain:

Spirit of God, breathe in us
And we sing praise to You
Walking humbly with You, O Lord
We're growing in the Spirit

Each child is a precious gift
(We are called to value each person)
All things can be done for the one who believes
Join our circle of faith and learning
(We teach the message of hope)
Sustain in us a radiant Spirit
Like the stars forever and ever

refrain:

Spirit of God, breathe in us
And we sing praise to You
Walking humbly with You, O Lord
We're growing in the Spirit
Spirit of God, breathe in us
And give us life in You
Walking humbly with You, O Lord
We're growing in the Spirit

God gives us dreams we can attain
(So we can grow into them)
God speaks in the silence of the heart
(Listen and grow in the spirit)

Growing in the Spirit...
