

Joint Use Agreement Review
Communiqué #18
April 6, 2006

The Joint Use Agreement (JUA) partners (City of Edmonton, Edmonton Catholic Schools and Edmonton Public Schools) JUA Review Team held its eighteenth meeting on April 6, 2006 to continue discussions and designing of the new Joint Use Agreement.

The Public Consultation (PC) Sub Committee reported on the progress with the Consultant regarding the Shared Use Public Consultation. The PC sub committee provided an overview slide presentation which included the findings to date with internal pre-question consultation, outline of dates for community/stakeholder input meetings (consultation schedule), who is invited (identifying the goal being more inclusiveness rather than less), themes and expectations for partner representatives and timelines for public consultation relative to Shared Use.

The JUA Review Team further engaged in discussion that will assist in the continuation of the JUA Review and designing of the new Joint Use Agreement related to the theme of Governance. The consultants provided an update on the process, and the consolidated document package for the Governance discussions. The Review Team discussed potential partners, governance models (old and new), as well as the format for the document.

Collectively the Review Team will continue to provide regular updates on progress as the Partnering Organizations work through the review process to create a new JUA that is reflective of current needs for all partnering organizations.
