

Joint Use Agreement Review
Communiqué #19
April 20, 2006

The Joint Use Agreement (JUA) partners (City of Edmonton, Edmonton Catholic Schools and Edmonton Public Schools) JUA Review Team held its nineteenth meeting on April 20, 2006 to continue discussions and designing of the new Joint Use Agreement.

The Sub Committee reported on the progress regarding Public Consultation for Shared Use and their work with the PC Consultant. The Review Team members discussed how all user organizations will be provided fair opportunity to review public consultation findings and provide input post consultation regarding shared use, affirming their commitment to the value of input from all sources to assist in crafting the recommendations.

The JUA Review Team further engaged in discussions that will assist in the continuation of the JUA Review and designing of the new Joint Use Agreement related to the theme of Governance. The Review Team discussed potential partners, the governance model, the format for the document and confirmed content to be included in the clauses relating to each Partner's individual and collective responsibilities within the Partnership.

Collectively the Review Team will continue to provide regular updates on progress as the Partnering Organizations work through the review process to create a new JUA that is reflective of current needs for all partnering organizations.
