

**Joint Use Agreement Review**  
**Communiqué #23**  
**June 15, 2006**

The Joint Use Agreement (JUA) partners (City of Edmonton, Edmonton Catholic Schools, Edmonton Public Schools and Conseil scolaire Centre-Nord) Review Team held its 23rd meeting on June 15, 2006 to continue discussions, review and designing of the new Joint Use Agreement.

The JUA Review Partners presented the perspectives and interpretations of the Public Consultation draft summary report to the Review Team, identifying areas that will be the focus for discussion in preparation for drafting the shared use recommendations in the coming meetings. The Review Team Partners collaborated on how the information to be presented on June 29, 2006 and information gathered thus far on shared use can be most effectively used in developing shared use recommendations.

The JUA Coordinator will continue to extract from the Public Consultation Report those findings that are relevant to operations and forward them to the Steering Committee for their review and consideration for implementation prior to conclusion of the review.

The JUA Review Team continued discussions regarding Governance progressively identifying additional content for inclusion and clause revisions to be considered in the new agreement.

Collectively the Review Team will continue to provide regular updates on progress as the Partnering Organizations work through the review process to create a new JUA that best meets current and future partner and community needs.
