

June 27, 2017

Dear Parents and Guardians,

As you know, the Government of Alberta has passed legislation to reduce school fees. The goal of this legislation is to reduce fees paid by families by 25% for the upcoming school year by eliminating charges for textbooks, workbooks, photocopies, and printing paper, as well as charges for students who take the yellow bus and live 2.4 km or more from their designated school.

We have prepared the attached summary of school and transportation fees for 2017-18 in Edmonton Catholic Schools for your information.

Our schools have been working diligently to prepare their specific fee schedules using the regulations for this new legislation. All our fee schedules will be submitted to the Minister of Education by June 30 for Ministerial approval. Once our schedules are approved, we will post them on the school websites. We anticipate having this information in mid-August.

Thank you.

Edmonton Catholic Schools
