PROVINCIAL ACHIEVEMENT TESTING PROGRAM RESULTS REPORT

2024/2025 SCHOOL YEAR

1. PROVINCIAL ACHIEVEMENT TESTING PROGRAM

Alberta Education and Childcare's Provincial Achievement Testing Program reflects the essentials that all Alberta students are expected to achieve, regardless of school choice or location. The purpose of the program is to determine if students are learning what they are expected to learn, to report to Albertans how well students have achieved provincial standards at given points in their schooling, and to assist schools, school authorities, and the province in monitoring and improving student learning.

For the 2024/2025 school year, Provincial Achievement Tests for Grade 6 Science, Grade 6 French Immersion Language Arts and Literature, and Grade 6 French First Language and Literature were not administered. Provincial Achievement Tests were administered reflecting the new Grade 6 English Language Arts and Literature curriculum and the new Grade 6 Mathematics curriculum, as well as reflecting the existing Grade 6 Social Studies curriculum. Schools that optionally implemented the new Grade 6 Social Studies curriculum were excused from writing the Provincial Achievement Test in that subject area. In addition to English Language Arts and Literature, Grade 6 students whose language of instruction is French wrote Mathematics and Social Studies translated into French. Grade 9 students wrote tests in English Language Arts, Mathematics, Science, and Social Studies. Grade 9 students enrolled in the Knowledge and Employability (K&E) programs of study wrote tests in English Language Arts, Mathematics, Science, and Social Studies. In addition to English Language Arts, Grade 9 students whose language of instruction is French wrote French Language Arts (except K&E) as well as the other subjects translated into French. Aggregated (combined) English and French results are discussed within this report.

Alberta Education and Childcare reports achievement results in two formats: partial cohort (number writing) and full cohort (number enrolled). The partial cohort results are based on only those students who wrote the Provincial Achievement Tests. The results based on the full cohort include those students who were absent, excused, or for whom results are not available for any other reason. The 2024/2025 partial and full cohort aggregated English and French results are located in Appendix A and the independently reported English and French results are in Appendix B. The multiyear partial and full cohort aggregated English and French results are located in Appendix C and the independently reported English and French results are in Appendix D. Results are not released to the public when fewer than six students wrote the test.

This report provides Division results for the 2024/2025 school year in addition to multiyear results; however, several factors have affected Provincial Achievement Test administrations over the past few years. The COVID-19 pandemic impacted participation in the Provincial Achievement Tests in 2020/2021. Consequently, results for the 2020/2021 school year are not available. Security breaches occurred over the last few days of the 2021/2022 Provincial Achievement Test administration window. To maintain the validity and comparability of provincial results, students most likely impacted by these security breaches were excluded from the provincial cohort; however, all students were included in school and school authority reporting. The 2022/2023 and 2023/2024 results do not include students excused from writing due to the Alberta wildfires. The 2022/2023, 2023/2024, and 2024/2025 results also do not include students participating in the optionally implemented or piloted curriculums. In 2023/2024, Provincial Achievement Tests for Grade 6 English Language Arts and Literature as well as for Grade 6 Mathematics were not administered; however, tests reflecting these new curriculums were administered in 2024/2025. For these subject areas, results from 2022/2023 and earlier reflect the 2007 programs of study, while the 2024/2025 results reflect the new 2023 curriculums. As a result of these factors, caution should be used when interpreting results over time.

Starting in 2023/2024, Alberta Education and Childcare's migration to digital assessment administration resulted in two different types of tests being administered, a paper version and a digital version through the new Digital Assessment Platform. The 2023/2024 and 2024/2025 provincial results include students who used the Digital Assessment Platform, as well as students who wrote the paper version. In 2023/2024 and 2024/2025, schools within Edmonton Catholic Schools were to administer the paper version of the Provincial Achievement Tests. Due to this migration to digital assessments, caution should be used when interpreting results.

In addition to this report, Division results will also be available on the Division Assurance Dashboard located on the Division public website. Individual school reports are available to each Principal. The school reports are used by school staff and School Councils in monitoring and adjusting their *School Plan for Continuous Growth*. School results will also be available on the School Assurance Dashboards located on the school public websites.
