Career and Bridging Fair

CAREERS

Welcome to Edmonton Catholic Schools Career and Bridging Fair! The primary objective of ECSD's Division-wide Career & Bridging Fair is to support students in planning for their future careers and shaping their High School academic journey. Additionally, we aim to establish meaningful connections between students and potential employers where applicable.

ECSD's Career and Bridging Fair will feature over 40 organizations that have a focus on supporting students after High school, professional associations, unions, government organizations, and private businesses. Throughout the day, we will welcome students from grades 9-12 and their parents/guardians to explore the various supports available. This audience will include students from diverse backgrounds, cultures, and abilities.

On behalf of Edmonton Catholic Schools and CAREERS: The Next Generation, thank you for joining us!

CAREERS

We would like to thank all of the organizations for participating in today's event and establishing connections with our students. Additionally, thank you to Carole Carby for her mentorship, guidance, and resources in making today's event a success. Last, but not least, thank you to all of the departments and volunteers, and the countless hours dedicated to making today's event possible.

Thank you
