EDMONTON CATHOLIC SCHOOLS DIPLOMA EXAMINATION PROGRAM 2012/2013 SCHOOL YEAR

1. OUR PHILOSOPHY OF STUDENT ACHIEVEMENT

Catholic education embraces the belief that all students can learn and develop their gifts. Edmonton Catholic Schools approaches all measures of student success from within this philosophical framework. A high value is placed on diploma examinations within the context of a vast array of qualitative, quantitative, and informal measures of student success. These are in place to ensure that students are given the highest quality Catholic education and, in turn, the best opportunities to embrace their God-given gifts, talents, and potential in school and beyond.

2. BACKGROUND

The Diploma Examination Program was established by Alberta Education in 1984 to assist in the development and maintenance of excellence in educational standards. The purposes of this program are to certify the level of individual student achievement in selected grade 12 courses, to ensure that the provincial standards of achievement are maintained, and to report individual and group results. Edmonton Catholic Schools' goal is to exceed provincial standards.

To receive a high school diploma, students are required to write at least two diploma examinations, either English Language Arts 30-1 or 30-2 and either Social Studies 30-1 or 30-2. In addition to one English course, students in Francophone programs present one of the Français exams to meet their language arts requirement. Francophone or French Immersion students must use the French translation of a diploma exam and respond in French in order to have their transcripts show that the language of examination was French.

The following courses had diploma examinations and most of them had a French translation (*) available upon request:

- | | | |
|------------------------------|-----------------------------|-----------------|
| • English Language Arts 30-1 | • Français 30-1 | • Biology 30* |
| • English Language Arts 30-2 | • French Language Arts 30-1 | • Chemistry 30* |
| • Social Studies 30-1* | • Mathematics 30-1* | • Physics 30* |
| • Social Studies 30-2* | • Mathematics 30-2* | • Science 30 |

In order to obtain credit for a diploma examination course, students must write the appropriate diploma examination and obtain a final course mark of 50% or higher. A student's final course mark is usually determined by averaging the mark obtained on the diploma examination with the school-awarded mark. There are some exceptions to this, for example, for students with mature status. The final course mark is sometimes referred to as the final blended mark.

When reviewing examination results, differences between school-awarded marks and the diploma examination marks are expected. These two measures of achievement are complementary. The diploma examination provides a common measure of achievement for all students across the province. The school-awarded mark reflects *all* aspects of course learning, much of which is not measurable through pencil and paper tests.

Results are not released to the public when fewer than six students wrote the examination. In 2012/2013, no students from our District wrote the Français 30-1 exam.
