Programs

Edmonton Catholic Schools delivers the curriculum of Alberta Education to students within a Christ-centred learning community. There is an emphasis on the importance of a strong learning and teaching focus within a Catholic context resulting in the optimizing of human potential for students in our trust.

Our community is a team of the school, home, and parish working together. We offer our students a message of hope and growth; living Christian values of faith, hope, and charity; respect and compassion; and present teachings of the Catholic Church.

The Edmonton Catholic Schools' experience is more than academic achievement. Christ's teachings inspire our staff to see each child as a precious gift and a sacred responsibility. This is reflected in everything we do, ensuring the best learning possible for the children entrusted in our care.

Our Vision

Our students will learn together, work together, and pray together in answering the call to a faith-filled life of service.
