

Edmonton Catholic **Schools**

Junior High Track **and Field**

2021-2022
Handbook

League Organization and Structure:

- 4 full day zone meets – 9:30AM to 2:30PM
- Each school may enter 2 entrants in 100M, 200M, 800M, 1500M and all Field events
- Each school may enter 1 entrant in 400M and Relay
- Competitors must remain in their age classification for all events. Exception: competitor may compete at a higher classification but must compete at that classification in all other events.
- Competitors must compete in their school's allocated zone meet event
- Events not requiring heats will be run as finals at the designated time of the heats
- The following will qualify for City Championships:
 - Top 4 from each zone: 100M, 200M
 - Top 3 from each zone: 800M, 1500M, ALL field events
 - Top 2 from each zone: 400M, Relay
- All entries for zone meets must be sent electronically on Hy-tek to Valerie Kemp at emotrack@gmail.ca by 4:00PM dates TBA.
 - Zone 1 – Entries due by May 18
 - Zone 2 – Entries due by May 9
 - Zone 3 – Entries due by May 26
 - Zone 4 – Entries due by May 27
- Records may be broken for field events at Zones and at City Championships
- Records may be broken for track events at City Championships

Athlete Requirements:

Age Categories:

- Junior: Students born in 2009 or later
- Intermediate: Students born in 2008
- Senior: Students born in 2007 or earlier

Shot Put:

- Girls: 2.7 KG
- Boys: 4.0 KG

High Jump Starting Height:

- BOYS: Junior 1.20M; Intermediate 1.25M; Senior 1.30M
- GIRLS: Junior 1.10M; Intermediate 1.15M Senior 1.20M

Javelin:

- 500 Gram implements used for ALL age categories for both Boys and Girls

Lane Assignments for City Championships:

- HyTek Results program will assign lanes according to times and placings among all Zone meets

Hy-Tek Track and Field Entries

- Schools are required to submit their zone entries using Hy-Tek Track and Field 4.2 Team Manager Lite program. If you have never used the program before, you are required to attend a training session on how to submit your school entries. Dates for these training sessions are TBA.
- Each school must request an event file for 2020 by emailing Valerie Kemp at emoctrack@gmail.com no later than Friday., April 30, 2021. When requesting the event file by email., include in the subject line your SCHOOL NAME, ZONE and DATE of MEET. In the email message include contact name, phone number (work and home). ***Do not use last years event file.*** An event file will be sent to you as an attachment to import into Hy-Tek lite. A copy of the in-service package (quick notes) – Team Manager Lite is available on the ECSD Athletics Website at www.ecsd.net/schools/jrha

Entry Instructions:

- Request event file from Valerie Kemp at emoctrack@gmail.com. An event file will be sent to you as an attachment to import into Hy-Tek lite.
- Enter your team. Use the school code, if you require the code please request the code when you request the event file. Full name of school. Short team name -use team code. Team type is age group
- Under set-up – Age Divisions – Only three divisions are required. Jr – Junior – 11-13 years, Int – Intermediate – 14 years and Sr – Senior – 15-16 years. Delete any extra divisions
- Entry Rules: All schools can enter two athletes in 100M, 200M, 800M, 1500M and field events. 1 entry for 400M and Relay. Each athlete can enter up to 4 events plus relay.
- If you know the birth year and not the exact date of birth – enter as 06-01-01 (example)
- Entries by name or event. Relays – use entry by event and scroll down to relays, and then entry relay(s). IF you know the relay names enter those as well
- When the entries are complete please EXPORT the event file to emoctrack@gmail.com. The entry file will be attached to the email with a subject line including ECS – School Name – Zone – Day of Meet. An entry file will be in this format. STA-Entries.001.zip (example). An email will be sent back with an entry list attached. Please confirm all is correct for athlete names, events, relays, gender and age category (Jr, Int or Sr). If any changes are required, email required changes to Valerie at emoctrack@gmail.com

Entry Deadlines:

- Event file must be requested by **ALL** schools from Valerie by Friday., April. 30, 2021

Starter/Marshall Information for Officials

Equipment Required:

- Two starting pistols and sufficient cartridges for the meet
- An official whistle
- A portable loud speaker to be used for starting the 200M and 400M races. (If possible assistant starter should also have a loudhailer)

Duties of Assistant Starter (Recall Starter):

- To check the competitors to ensure that they are in the correct race and heat
- To place competitors in the lanes previously established by the meet officials.
- Assemble starters in case of a false start
- Power of recall in case of an unfair start, especially in case of a staggered start, or misfire of starter's pistol (see note below).
- Set the competitors and their lanes 3 races in advance to expedite process time between races (eg. "set" all 3 classification boys or girls for the 400M races).
- Maintain a close to complete silence as possible in the area adjacent to and surrounding the start line when the starter has begun his/her commands.

High Jump Information for Officials

Competition:

- A competitor should take off from one foot
- A competitor fails if after the jump the bar does not remain on the supports because of the action of a competitor while jumping.
- Extraneous Forces: When it is clear that a force was not associated with the competitor has displaced the bar; ex. Gust of wind, if such a displacement occurs after a competitor has cleared the bar without touching it, then the attempt should be considered successful, or, if such a displacement occurs under any other circumstances, a new attempt should be awarded.

Measurement:

- Before starting a competition, judges should announce starting heights and successive later heights intended.
 - Boys: Junior 1.20M Intermediate 1.25M Senior 1.30M
 - Girls: Junior 1.10M Intermediate 1.15M Senior 1.20M
- A competitor may start jumping at any height about starting height and may jump or not at their own discretion at any subsequent height. Thus, they may “pass” their 2nd or 3rd attempt at a height (after failing first try) and still jump at a later height.
- Three consecutive failures, regardless of the height at which they occur, disqualify the competitor.
- The winner is entitled to continue jumping until they have failed 3 consecutive times (usually going for a record)
- Circle the height for each competitor.

Ties:

- The competitor with the lowest number of jumps at the height at which the tie occurs shall be awarded the higher place
- If the tie still remains, the competitor with the lowest total of failures throughout the competition up to and including the height last cleared shall be awarded the higher place.
- If the tie still remains:
 - If it concerns the first place, the competitors tying shall have one more jump at the lowest height at which any of those involved in the tie have lost their right to continue jumping, and if no decision is reached, the bar shall be raised if the tying athletes were successful or lowered if not, 2cm for the High Jump. They shall then attempt one jump at each height until the tie is resolved. Competitors still tying must jump on each occasion when resolving the tie (see example)
 - If it concerns any other place the competitors shall be awarded the same place in the competition

High Jump Example:

- Heights announced by the Judge at the beginning of Competition: 1.75M; 1.80M, 1.84M, 1.88M, 1.91M, 1.94M, 1.97M, 1.99M.

0 = Cleared

X = Failed

- = Did not jump

Competitor	Heights							Failures	Jump Off			Position
	1.75M	1.80M	1.84M	1.88M	1.91M	1.94M	1.97M		1.94M	1.92M	1.94M	
A	0	X0	0	X0	X-	XX		2	X	0	X	2
B	-	X0	-	X0	-	-	XXX	2	X	0	0	1
C	-	0	X0	X0	-	XXX		2	X	X		3
D	-	X0	X0	X0	XXX			3				4

- A, B, C and D all cleared 1.88M
- The rule regarding ties now comes into operation; the judge adds up the total number of failures, up to and including the height last cleared; eg. 1.88M
- “D” has more failures than A, B or C, and is therefore awarded 4th place. A, B and C are still tied and as this concern to 1st place, they shall have one more jump at 1.94M where A and C lost their right to continue jumping.
- As all the competitors tying failed, the bar is lowered to 1.92M for another jump off. As only C failed to pass 1.92M, the 2 other tying athletes A and B shall have a 3rd jump off at 1.94M, which only B has cleared and is therefore declared the winner.

Turbo Javelin Information for Officials:

Competition:

- The javelin should be thrown from within the javelin runway and released prior to the inner edge of the arc.
- The javelin should be held at the grip
- It should be thrown over the shoulder or upper part of the throwing arm and not be slung or hurled. There must be a slight bend in the elbow when throwing.
- A throw is good ONLY if the tip of the head strikes the ground before any other part of the javelin and it lands within the landing sector.
- At no time during the throw, until the javelin has been discharged into the air, may a competitor turn completely around, so that their back is towards the throwing arc.

Measurement:

- In all throwing events, distances should be recorded to the nearest 0.01M below the distance measured if the distance measured is not a whole cm (zero end of tape at landing area).
- The measurement of each throw should be made immediately after the attempt; in javelin, from where the tip of the javelin first struck the ground to the inside edge of the arc, along a line to the centre of the circle of which the arc is part.

- Each competitor is allowed 3 trials, the top 6 of the competitors are allowed 3 additional trials
- Ties are resolved by comparing 2nd best trial or 3rd best trial, etc.
- The 500 gram implement will be used by ALL age categories for both boys and girls.

Shot Put Information for Officials

Competition:

- The shot should be put from the shoulder with only one hand. At the time a competitor takes a stance in the circle to commence a put, the shot shall touch or be in close proximity to the neck or the chin and the hand shall not be dropped below this position during the action of putting. The shot should not be taken behind the line of the shoulders.
- In throws, a competitor may not touch top of the stop board, circle or line. May touch inside of stop board iron circle.
- In throws, a competitor must leave circle from rear half after implement has landed.
- Each competitor is allowed 3 trials, top 6 of competitors are allowed 3 additional trials
- Girls: 2.7 KG
- Boys: 4.0 KG

Measurement:

- In all throwing events, distances should be recorded to the nearest 0.01M below the distance measured if the distance measured is not a whole cm (zero end of tape in landing area)
- The measurement of each throw should be made immediately after the attempt: from the nearest mark made by the fall of the shot to the inside of the circumference of the circle along a line of the centre of the circle.
- Ties are resolved by comparing 2nd best trial or 3rd best trial, etc.

Triple Jump Information for Officials

Competition:

- The triple jump should consist of a hop, step and a jump in that order
- Except as shown below in point 2, if a competitor takes off before reaching the board it shall not for that reason be counted as a failure.
- Each competitor is allowed 3 trials, top 6 competition allowed 3 additional trials

- A competitor fails if he/she:
 - 1. While taking off touches the ground beyond the take-off line with any part of their body, whether running up without jumping or in the act of jumping
 - 2. Takes off from outside either end of the board, whether beyond or before the extension of the take off line
 - 3. Touch the ground between take-off line and the landing area
 - 4. Employs any form of somersaulting while running up or in the act of jumping
 - 5. In the course of landing, touch the ground outside the pit closer to the take-off line than the nearest break made in the sand
 - 6. When leaving the landing area, first contact with the ground outside the pit is closer to the take off line than the nearest break made in the sand on the landing, including any break made on overbalancing on the landing which is completely inside the pit but closer to the take off line than the initial break made on the landing.
- Note:
 - It is not a foul if a competitor runs outside the white lines marking the runway at any point.
 - It is not a foul if a part of the competitor's shoe/foot is touching the ground outside either end of the take off board, before the take-off line
 - It is not a foul, if a competitor walks back through the landing area after having left the landing area in the correct way.

Measurement:

- In all horizontal jump events, distances should be recorded to the nearest 0.01M below the distance measured if the distance measured is not a whole cm (zero end of tape in landing area)
- All jumps shall be measured from the nearest break in the landing area made by any part of the body or limbs to the take-off line, or take-off line extended. The measurement shall be taken perpendicular to the take-off line or its extension.
- Ties are resolved by comparing 2nd best trials or 3rd best trials, etc.

Long Jump for Officials

Competition:

- Except as shown below in point 2, if a competitor takes off before reaching the board it shall not for that reason be counted as a failure.
- Each competitor is allowed 3 trials, top 6 competition allowed 3 additional trials

- A competitor fails if he/she:
 - 1. While taking off touches the ground beyond the take-off line with any part of their body, whether running up without jumping or in the act of jumping
 - 2. Takes off from outside either end of the board, whether beyond or before the extension of the take off line
 - 3. Touch the ground between take-off line and the landing area
 - 4. Employs any form of somersaulting while running up or in the act of jumping
 - 5. In the course of landing, touch the ground outside the pit closer to the take-off line than the nearest break made in the sand
 - 6. When leaving the landing area, the first contact with the ground outside the pit is closer to the take off line than the nearest break made in the sand on the landing, including any break made on overbalancing on the landing which is completely inside the pit but closer to the take off line than the initial break made on the landing.
- Note:
 - It is not a foul if a competitor runs outside the white lines marking the runway at any point.
 - It is not a foul if a part of the competitor's shoe/foot is touching the ground outside either end of the take off board, before the take-off line
 - It is not a foul, if a competitor walks back through the landing area after having left the landing area in the correct way.

Measurement:

- In all horizontal jump events, distances should be recorded to the nearest 0.01M below the distance measured if the distance measured is not a whole cm (zero end of tape in landing area)
- All jumps shall be measured from the nearest break in the landing area made by any part of the body or limbs to the take-off line, or take-off line extended. The measurement shall be taken perpendicular to the take-off line or its extension.
- Ties are resolved by comparing 2nd best trials or 3rd best trials, etc.
