Dear ECSD Families,

We have received notice about a cybersecurity incident involving PowerSchool, our student information system vendor. This incident is not specific to our Division. PowerSchool has informed customers internationally of the data breach.

We are working with PowerSchool to determine what data was accessed and how it may affect our families and staff. PowerSchool has assured us that the incident is contained and that they've strengthened their security measures to prevent future breaches. PowerSchool's operations remain unaffected, and service continues as usual. We want to assure you that no financial information was accessed or is stored in PowerSchool. Additionally, you do not need to change your password as login information is not impacted.

Further details, including the information we were provided by PowerSchool, can be found on [our website](#). We will share additional updates with you as they become available. If you have any questions, please email info@ecsd.net.
