BCR Newsletter

Dear Parents and Guardians,

Happy New Year! With January comes a natural focus on learning at school; it is important for students and staff to be learners who are kind to each other. We are so proud of how our students are progressing in their knowledge, skills and understandings!

At our November demonstration of learning, parents of students in grades 1-9 were introduced to our new district assessment and reporting program called PowerTeacherPro which parents can access through their own login and password. If you do not yet have that information, please call, email or visit our front office and we will provide that for you. PowerTeacherPro is a continuous assessment program; teachers continue to add

the results of student work throughout the year which parents can see at any time. **On January 31 at 4pm and afterwards, when you log in to PowerSchool, you will also notice a progress report of information that is pulled from the program so that you can see a summary of your child's progress at a glance.** If we can help you log in or navigate and understand the program, please contact us.

We will also demonstrate the details of PowerTeacherPro once again at our **School Council meeting on Tuesday, February 12**, beginning with supper at 5pm. Childcare is available. We welcome you.

With Much Gratitude,
